## SECTION I - CONTEXT

1. Description of any state or institutional policies that may influence the application of AAHPERD/NASPE standards. (Response limited to 4,000 characters)

2. Description of the field and clinical experiences required for the program, including the number of hours for early field experiences and the number of hours/weeks for student teaching or internships. (Response limited to 8,000 characters)

3. Please attach files to describe a program of study that outlines the courses and experiences required for candidates to complete the program. The program of study must include course titles. (This information may be provided as an attachment from the college catalog or as a student advisement sheet.)
4. This system will not permit you to include tables or graphics in text fields. Therefore any tables or charts must be attached as files here. The title of the file should clearly indicate the content of the file. Word documents, pdf files, and other commonly used file formats are acceptable.
5. Candidate Information

Directions: Provide three years of data on candidates enrolled in the program and completing the program, beginning with the most recent academic year for which numbers have been tabulated. Report the data separately for the levels/tracks (e.g., baccalaureate, post-baccalaureate, master's initial licensure) being addressed in this report. Data must also be reported separately for programs offered at multiple sites. Update academic years (column 1) as appropriate for your data span. Create additional tables as necessary.

Program:		
Academic Year	# of Candidates Enrolled in the Program	# of Program Completers <sup>(2)</sup>

<sup>(2)</sup> CAEP uses the Title II definition for program completers. Program completers are persons who have met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript, or other written proof of having met the program's requirements.

6. Faculty Information
- Directions: Complete the following information for each faculty member responsible for professional coursework, clinical supervision, or administration in this program.

Faculty Member Name	
Highest Degree, Field, & University <sup>(3)</sup>	
Assignment: Indicate the role of the faculty member <sup>(4)</sup>	
Faculty Rank <sup>(5)</sup>	
Tenure Track	<input type="checkbox"/> YES
Scholarship <sup>(6)</sup> , Leadership in Professional Associations, and Service <sup>(7)</sup> : List up to 3 major contributions in the past 3 years <sup>(8)</sup>

(3) For example, PhD in Curriculum & Instruction, University of Nebraska.

(4) For example, faculty, clinical supervisor, department chair, administrator

(5) For example, professor, associate professor, assistant professor, adjunct professor, instructor

(6) Scholarship is defined by CAEP as a systematic inquiry into the areas related to teaching, learning, and the education of teachers and other school personnel.

Scholarship includes traditional research and publication as well as the rigorous and systematic study of pedagogy, and the application of current research findings in new settings. Scholarship further presupposes submission of one's work for professional review and evaluation.

(7) Service includes faculty contributions to college or university activities, schools, communities, and professional associations in ways that are consistent with the institution and unit's mission.

(8) For example, officer of a state or national association, article published in a specific journal, and an evaluation of a local school program.

(9) Briefly describe the nature of recent experience in P-12 schools (e.g. clinical supervision, in-service training, teaching in a PDS) indicating the discipline and grade level of the assignment(s). List current P-12 licensure or certification(s) held, if any.

## SECTION II - LIST OF ASSESSMENTS

1. In this section, list the 6-8 assessments that are being submitted as evidence for meeting the AAHPERD/NASPE standards elements. All programs must provide a minimum of six assessments. If your state does not require a state licensure test in the content area, you must substitute an assessment that documents candidate attainment of content knowledge in #1 below. For each assessment, indicate the type or form of the assessment and when it is administered in the program. (Response limited to 250 characters each field)

Type and Number of Assessment	Name of Assessment (10)	Type or Form of Assessment (11)	When the Assessment Is Administered (12)
Assessment #1: Licensure assessment, or other content-based assessment (required)			
Assessment #2: Content knowledge in physical education (required)			
Assessment #3: Candidate ability to plan instruction (required)			
Assessment #4: Internship or clinical experiences (required)			
Assessment #5: Candidate effect on student learning (required)			
Assessment #6: Additional assessment that addresses AAHPERD/NASPE standards (required)			
Assessment #7: Additional assessment that addresses AAHPERD/NASPE standards (optional)			
Assessment #8: Additional assessment that addresses AAHPERD/NASPE standards (optional)			

(10) Identify assessment by title used in the program; refer to Section IV for further information on appropriate assessment to include.

(11) Identify the type of assessment (e.g., essay, case study, project, comprehensive exam, reflection, state licensure test, portfolio).

(12) Indicate the point in the program when the assessment is administered (e.g., admission to the program, admission to student teaching/internship, required courses [specify course title and numbers], or completion of the program).

## SECTION III - RELATIONSHIP OF ASSESSMENT TO STANDARDS

For each AAHPERD/NASPE standard on the chart below, identify the assessment(s) in Section II that address the standard. One assessment may apply to multiple AAHPERD/NASPE standards.

- Standard 1: Scientific and Theoretical Knowledge  
Physical education teacher candidates know and apply discipline-specific scientific and theoretical concepts critical to the development of physically educated individuals

\*Without discrimination against those with disabilities, physical education teacher candidates with special needs are allowed and encouraged to utilize a variety of accommodations and/or modifications to demonstrate competent movement and performance concepts (modified/adapted equipment, augmented communication devices, multi-media devices, etc.) and fitness (weight training programs, exercise logs, etc.).

- Standard 3: Planning and Implementation  
Physical education teacher candidates plan and implement developmentally appropriate learning experiences aligned with local, state and national standards to address the diverse needs of all students.

## SECTION IV - EVIDENCE FOR MEETING STANDARDS

**DIRECTIONS:** The 6-8 key assessments listed in Section II must be documented and discussed in Section IV. Taken as a whole, the assessments must demonstrate candidate mastery of the SPA standards and elements. The key assessments should be required of all candidates. Assessments, scoring guides/rubrics and data charts should be aligned with the SPA standards. This means that the concepts in the SPA standards and elements should be apparent in the assessments and in the scoring guides/rubrics to the same depth, breadth, and specificity as in the SPA standards and elements. Data tables should also be aligned with the SPA standards and elements. The data should be presented, in general, at the same level it is collected. For example, if a rubric collects data on 10 elements [each relating to specific SPA standard(s)], then the data chart should report the data on each of the elements rather than reporting a cumulative score.

In the description of each assessment below, the SPA has identified potential assessments that would be appropriate. Assessments have been organized into the following three areas to be aligned with the elements in CAEP Standard 1:

- Content knowledge (Assessments 1 and 2)
- Pedagogical and professional knowledge, skills and dispositions (Assessments 3 and 4)
- Focus on student learning (Assessment 5)

Note that in some disciplines, content knowledge may include or be inextricable from professional knowledge. If this is the case, assessments that combine content and professional knowledge may be considered "content knowledge" assessments for the purpose of this report.

For each assessment, the compiler should prepare one document that includes the following items:

(1) A two-page narrative that includes the following:

- a. A brief description of the assessment and its use in the program;
  - b. A description of how this assessment specifically aligns with the standards and elements it is cited for in Section III. Cite SPA standards/elements by number (e.g., 1.1 or 1.2);
  - c. A brief analysis of the data findings;
  - d. An interpretation of how that data provide evidence for meeting standards/elements, indicating the specific SPA standards and elements by number (e.g., 1.1 or 1.2 etc);
- and

(2) Assessment Documentation

- e. The assessment tool itself or a rich description of the assessment (often the directions given to candidates);
- f. The scoring guide/rubric for the assessment; and
- g. Charts that provide candidate data derived from the assessment.

The responses for e, f, and g (above) should be limited to the equivalent of five text pages each, however in some cases assessment instruments or scoring guides/rubrics may go beyond five pages.

**Note:** As much as possible, combine all of the files for one assessment into a single file. That is, create one file for Assessment #4 that includes the two-page narrative (items a – d above), the assessment itself (item e above), the scoring guide (item f above, and the data chart (item g above). Each attachment should be no larger than 2 mb. Do not include candidate work or

**syllabi. There is a limit of 20 attachments for the entire report so it is crucial that you combine files as much as possible.**

1. State licensure tests or professional examinations of content knowledge. AAHPERD/NASPE standards addressed in this entry could include but are not limited to Standard 1. If your state does not require licensure tests or professional examinations in the content area, data from another assessment must be presented to document candidate attainment of content knowledge. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IVA complete description of the assessment should be included (format of the exam, content area sub-scores).

2. Assessment of content knowledge in the field of physical education. AAHPERD/NASPE standards addressed in this assessment could include but are not limited to Standards 1 and 2. Examples of assessments include comprehensive examinations, portfolios; health-related fitness assessments, assessments of fundamental movement skills; and assessments of performance-competency and game play. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

3. Assessment that demonstrates candidates can effectively plan classroom-based instruction. AAHPERD/NASPE standards that could be addressed in this assessment include but are not limited to Standard 3. Examples of assessments include the evaluation of candidates' abilities to develop lesson or unit plans, individualized educational plans, needs assessments, or intervention plans. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

4. Assessment that demonstrates candidates' knowledge, skills, and dispositions are applied effectively in practice. AAHPERD/NASPE standards that could be addressed in this assessment include Standards 3 and 4. The assessment instrument used in the internship or other clinical experiences should be submitted. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

5. Assessment that demonstrates candidate effects on student learning and the creation of supportive learning environments for student learning. AAHPERD/NASPE standards that could be addressed in this assessment include but are not limited to Standard 5. Examples of assessments include those based on student work samples, (IEP's), case studies, or implemented unit plans. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

6. Additional assessment that addresses AAHPERD/NASPE standards. Examples of assessments include evaluations of field experiences, case studies, teacher candidate work sample, IEPs, or other key assessment. (Assessment Required)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

7. Additional assessment that addresses AAHPERD/NASPE standards. Examples of assessments include evaluations of field experiences, teacher candidate work sample, case studies, IEPs, or other appropriate assessments. (optional)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

8. Additional assessment that addresses AAHPERD/NASPE standards. Examples of assessments include evaluations of field experiences, case studies, portfolio tasks and licensure tests not reported in #1. (optional)

Provide assessment information (items 1. a,b,c,d and 2.e,f,g) as outlined in the directions for Section IV

## SECTION V - USE OF ASSESSMENT RESULTS TO IMPROVE PROGRAM

1. Evidence must be presented in this section that assessment results have been analyzed and have been or will be used to improve candidate performance and strengthen the program. This description should not link improvements to individual assessments but, rather, it should summarize principal findings (data) from the evidence, the faculty's interpretation of those findings, and changes made in (or planned for) the program as a result. Describe the steps program faculty has taken to use information from assessments for improvement of both candidate performance and the program. This information should be organized around (1) content knowledge, (2) professional and pedagogical knowledge, skill, and dispositions, and (3) student learning.

(Response limited to 24,000 characters)
